

## Unleashing The Power of Self

“Power of Self is our brand. It reflects our commitment to enrich the intellect, mind, and work of the young thought-powered generation of the 21<sup>st</sup> century, so they can contribute by optimising their cognitive capabilities to attain sustainable success and create an enriched society. Our promise, position, and scope, as described in this leaflet, allow us to define and design a novel path for inspiring the youth”.

- Satish Kumar Menon, Founder Director, **thePi**.

**Prof. MK Menon** Center  
for Pattern Intelligence

# thePi

Did you know that Pattern Intelligence is the key to just about every aspect of human problem solving? **thePi** helps you unlock this **Power of Self** through the **Prof. MK Menon** Center for Pattern Intelligence.

## Pattern Intelligence

The intelligence to discern, generalize, and abstract patterns to solve challenges. It is the power of insight and innovation, of being inspired and inspiring, helping to shape a creative future - a future that is sustainable, and enriching.

## Our Promise

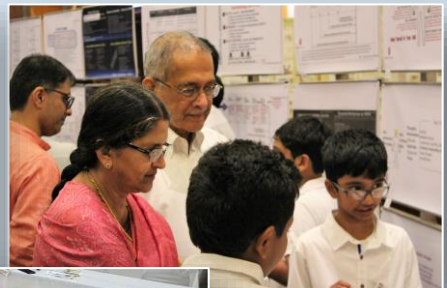

**thePi** believes that The Power of Self can transform the society by unlocking the infinite potential of The Self in every individual.

## Our Position

We pioneer real-world strategic insight into approaching challenges of the world. Our Self-Analytics is rooted in patterns of Gita-Intelligence, Science of Neuroplasticity, and Thought-powered Strategies for brilliance in life and living.

## Our Scope

The integrated approach shall fundamentally influence a positive and holistic change in individuals, and in teams and organizations that are constituted of individuals! Children and youth are promises of tomorrow, and they shall ignite the fire of inspiration by being inspired themselves. Together we shall equip them to face and solve challenges at work and in life.

Enabling  
the  
Power of Self

Center for Pattern Intelligence

Intelligence is the ability to recognize, identify, and generalize patterns in world and organize perceptions to understand the world.

**thePi**  
Enabling thought

## Satish Kumar Menon Founder & (Hon.) Director, thePi

As a Computing Scientist & Engineer, a former scientist with DRDO, systems engineer and technology leader in multinational firms abroad, incubator of the first global product R&D center of Esri (USA) in UAE, an avid life-long student of India's philosophical traditions, Satish is passionate about integrating the various knowledge of scientific domains, leadership methodologies, and values-based success strategies from the wisdom of the ages. Through his classes Satish hopes to sustainably translate his experiences and reflections into tangible improvements in his students' professions and lives.
